Our Company has the technical depth and experience to tailor mining services to support our clients as they progress through their stage-gate process. FRMG finds the ideal wholesale gemstones for your goals. If you are looking for loose gemstones, gemstone rough, mineral specimens, birthstones, diamonds, sapphires, rubies or anything else to do with gemstones, you've come to the right place. This company ensures a high level of item accuracy. The integrity of these precious stones is important to our gemstones dealers, as much as the seamless process of purchasing them. Whatever your reasons are for investing in gemstones, we're dedicated to ensuring you get a quality selection to choose from and that you're satisfied with your experience.
